Creative Beading Vol. 10

Japanese Beadwork with Sonoko Nozue This book is based on the theory that the black Muslim movement was created from the knowledge of the Masonic order. In the early decades of the 20th century, noble drew ali established a political and religious organization known today as the Moorish Science Temple of America. It was this organization that exposed black to something other than the normal Christian influences of that day. Ali a high degree freemason, incorporated various Masonic teachings from an auxiliary group. Known as the AEAONMS ancient Egyptian Arabic order of noble of the mystic shrine A pseudo Islamic/Arabic oriental organization that served as a wake up call to a lost knowledge. A knowledge that was taken away from Africans during the slave trades. The theory behind this book is that the majority of the slaves that were taken from the west coast of Africa were practicing Muslims, and these Muslims were forced to convert to Christianity under the strong oppression of slavery. At one time Afro-Americans were the biggest minority in the American society. About 90% of the todays population of blacks are descendants of slaves that were brought to America for working on plantations since the 16th century. At the beginning of the 19th century most of the so-called Negroes lived in the plantation areas of the Southern States. After the Civil War and the abolition of slavery it wasn't until the early 1920s and 30s that blacks were beginning to experiment with other faiths. Of all the faiths Islam became the fastest growing religion and the most popular. This book by far is in no way a research into black history, instead it covers a more deeper aspect of history in which I call
the history behind the history. It explores the true Asiatic origins of the ancient religions of Hinduism, Buddhism well as the Islamic faith. Finally It explores the Masonic symbolisms of alis Moorish science dogma digging deeper into the esoteric side of his Aquarian/Masonic teaching explaining their origins and discovering an age old wisdom that had been kept hidden from the human eye. One would think that Africans in the Americas would have rejected the religious tradition of their European oppressors taking into consideration that African religions are far older & they possess more sources of knowledge & spiritual salvation. Yet there are those who have turned away from traditional Christian dominated environments in order to find a greater understanding of themselves and the world in which they live. One alternative has been to seek knowledge in the various religious groups that arose in the 20th century.

How to Make Jewelry Charms from Polymer Clay The novel is alive and well, thank you very much For the last fifteen years, whenever a novel was published, John Freeman was there to greet it. As a critic for more than two hundred newspapers worldwide, the onetime president of the National Book Critics Circle, and the former editor of Granta, he has reviewed thousands of books and interviewed scores of writers. In How to Read a Novelist, which pulls together his very best profiles (many of them new or completely rewritten for this volume) of the very best novelists of our time, he shares with us what he’s learned. From such international stars as Doris Lessing, Haruki Murakami, Salman Rushdie, and Mo Yan, to the new guard of Edwidge Danticat, Dave Eggers, Jonathan Franzen, and more, Freeman has talked to everyone. What emerges is an instructive and illuminating, definitive yet still idiosyncratic guide to a diverse and lively literary culture: a vision of the novel as a varied yet vital contemporary form, a portrait of the novelist as a unique and profound figure in our fragmenting global culture, and a book that will be essential reading for every aspiring writer and engaged reader—a perfect companion (or gift!) for anyone who’s ever curled up with a novel and wanted to know a bit more about the person who made it possible.

The Art of Beadwork The best columns by the Pulitzer Prize–winning Chicago Tribune writer, on diverse topics like family, loss, mental health, advice, and the Windy City. Over the last two decades, Mary Schmich’s biweekly column in the Chicago Tribune has offered advice, humor, and discerning commentary on a broad array of topics including family, milestones, mental illness, writing, and life in Chicago. Schmich won the 2012 Pulitzer for Commentary for “her wide range of down-to-earth columns that reflect the character and capture the culture of her famed city.” This second edition—updated to include Schmich’s best pieces since its original publication—collects her ten Pulitzer-winning columns along with more than 150 others, creating a compelling collection that reflects Schmich’s thoughtful and insightful sensibility. The book is divided into thirteen sections, with topics focused on loss and survival, relationships, Chicago, travel, holidays, reading and writing, and more. Schmich’s 1997 “Wear Sunscreen” column (which has had a life of its own as a falsely attributed Kurt Vonnegut commencement speech) is included, as well as her columns focusing on the demolition of Chicago’s infamous Cabrini-Green housing project. One of the most moving sections is her twelve-part series with U.S. District Judge Joan Lefkow, as the latter reflected on rebuilding her life after the horrific murders of her mother and husband. Schmich’s columns are both universal and deeply personal. The first section of this book is dedicated to columns about her mother, and her stories of coping with her mother’s aging and eventual death. Throughout the book, Schmich reflects wisely and wryly on the world we live in, and her fond observances of Chicago life bring the city in all its varied character to warm, vivid life.

Bead Stitching Handbook A one-of-a-kind celebration of the 101 two-letter words allowed in Scrabble. Rolling Stone has called singer-songwriter Stephin Merritt of the Magnetic Fields “the Cole Porter of his generation”; O, The Oprah Magazine has hailed cartoonist Roz Chast as “the wryest pen since Dorothy Parker’s.” Together they have crafted a wonderfully witty book that is sure to prove useful to Scrabble players and Words With Friends addicts—and to delight anyone in thrall to the weirder corners of the English language. With the mordant wit and clever wordplay of Edward Gorey or Shel Silverstein, Stephin Merritt has written an original four-line rhyming poem for each of the 101 two-letter words included in The Official Scrabble Players Dictionary. Here are poems about familiar words (such as at, go, hi, no, and up) as well as obscure ones (such as aa, ka, oe, qi, xu). And every one of the 101 poems is accompanied by a full-color illustration by the incomparable cartoonist Roz Chast. 101 Two-Letter Words is perfect for any language lover or Scrabble player (it may even improve your score!).

Creative Beading Vol. 10 Whisperin' Bill: An Unprecedented Life in Country Music presents a revealing portrait of Bill Anderson, one of the most prolific songwriters in the history of country music. Mega country music hits like "City Lights," (Ray Price), "Tips Of My Fingers," (Roy Clark, Eddy Arnold, Steve Wariner), "Once A Day," (Connie Smith), "Saginaw, Michigan," (Lefty Frizzell), and many more flowed from his pen, making him one of the most decorated songwriters in music history. But the iconic singer, songwriter, performer, and TV host came to a point in his career where he questioned if what he had to say mattered anymore. Music Row had changed, a new generation of artists and songwriters had transformed the genre, and the Country Music Hall of Fame member and fifty-year Grand Ole Opry star was no longer relevant. By 1990, he wasn’t writing anymore. Bad investments left him teetering at bankruptcy’s edge. His marriage was falling apart. And in Nashville, a music town where youth often carries the day, he was a museum piece--only seen as a nostalgia act, waving from the stage of the Grand Ole Opry. Anderson was only in his fifties when he assumed he had climbed all the mountains he was intended to scale. But in those moments plagued with self-doubt, little did he know, his most rewarding climb lie ahead. A follow-up to his 1989 autobiography, this honest and revealing book tells the story of a man with an unprecedented gift, holding on to it in order to share it. Known as 'Whisperin' Bill' to generations of fans, Anderson is the only songwriter in country music history to have a song on the charts in each of the past seven consecutive decades. He has celebrated chart-topping success as a recording artist with eighty charting singles and thirty-seven Top Ten country hits, including ?Still,? "8 x 10", "I Love You Drops," and ?Mama Sang A Song.' A six-time Song of the Year Award-winner and BMI Icon Award recipient, Anderson has taken home many CMA and ACM Award trophies and garnered multiple GRAMMY nominations. His knack for the spoken word has also made him a successful television host, having starred on ?The Bill Anderson Show,? ?Opry Backstage,? ?Country's Family Reunion,? and others. Moreover, his multi-faceted success extends far beyond the country format with artists like James Brown, Aretha Franklin, Dean Martin, and Elvis Costello recording his songs. Today, thanks to the support of musical peers and a few famous friends who believed in him, Anderson continues to forge the path of lyrical integrity in music, harnessing his ability to craft a song that tells a familiar story, grabs you by the heart and moves you. Modern day examples include "Whiskey Lullaby" (Brad Paisley and Allison Krauss), "Give It Away" (George Strait), "A Lot of Things Different" (Kenny Chesney), and "Which Bridge to Cross" (Vince Gill). A product of a long-gone Nashville, Anderson worked to reinvent himself, and this biography documents Anderson's fifty-plus-year career--a career he once thought unattainable. Richly illustrated with black-and-white photos of Anderson interacting with the superstars of American music, including such legends as Patsy Cline, Vince Gill, and Steve Wariner, this book highlights Anderson's trajectory in the business and his influence on the past, present, and future of this dynamic genre.

Two-Hole Bead Stitching The New York Times Bestseller From one of the country’s most recognizable journalists, Lesley Stahl of CBS's 60 Minutes: How becoming a grandmother transforms a woman's life. After four decades as a reporter, Lesley Stahl's most vivid and transformative experience of her life was not covering the White House, interviewing heads of state, or researching stories at 60 Minutes. It was becoming a grandmother. She was hit with a jolt of joy so intense and unexpected, she wanted to “investigate” it—as though it were a news flash. And so, using her 60 Minutes skills, she explored how grandmothering changes a woman's life, interviewing friends like Whoopi Goldberg, colleagues like Diane Sawyer (and grandparents, including Tom Brokaw), as well as the proverbial woman next door. Along with these personal accounts, Stahl speaks with scientists and doctors about physiological changes that occur in women when they have grandchildren; anthropologists about why there are grandmothers, in evolutionary terms; and psychiatrists about the therapeutic effects of grandchildren on both grandmothers and grandfathers. Throughout Becoming Grandma, Stahl shares stories about her own life with granddaughters Jordan and Chloe, about how her relationship with her daughter, Taylor, has changed, and about how being a grandfather has affected her husband, Aaron. In an era when baby boomers are becoming grandparents in droves and when young parents need all the help they can get raising their children, Stahl's book is a timely and affecting read that redefines a cherished relationship.

Becoming Grandma In the predawn hours of a gloomy February day in 1994, two thieves entered the National Gallery in Oslo and made off with one of the world’s most famous paintings, Edvard Munch’s Scream. It was a brazen crime committed while the whole world was watching the opening ceremonies of the Winter Olympics in Lillehammer. Baffled and humiliated, the Norwegian police turned to the one man they believed could help: a half English, half American undercover cop named Charley Hill, the world’s greatest art detective. The Rescue Artist is a rollicking narrative that carries readers deep inside the art underworld -- and introduces them to a large and colorful cast of titled aristocrats, intrepid investigators, and thick-necked thugs. But most compelling of all is Charley Hill himself, a complicated mix of brilliance, foolhardiness, and charm whose hunt for a purloined treasure would either cap an illustrious career or be the fiasco that would haunt him forever.
